

- Cardboard recycling is going well. Staff is encouraged to keep recycling their cardboard.
- Glassware recycling bin is being purchased soon.
- Battery disposal: Alkaline batteries (manufactured after 1997) may be disposed of in normal trash. Other batteries (eg. nickel, lithium, mercury) should be given to Jay or A.K. for recycling.
- Steve has suggested a cleanup of the grounds. He and Bob will discuss getting a dumpster.
- The beach house is scheduled for demolition in the very near future.
- Annual EMS training will occur the morning of Wednesday April 12 during 'Safety Week'.
